

Deck Purge Box

DPB-107

The Deck Purge Box dynamically removes moisture vapor from undersea housings and provides a vacuum leak test to check seal integrity.

It is used with the Global Ocean Design Purge Port for Endcaps (PP-129) and Purge Port for Glass Spheres (PP-101). Sold separately.

This patented Nitrogen-free, compact unit allows you to deploy immediately after the purge process is complete.

The Black Hose (DPB-118) and Red Hose (DPB-213) are included with the system.

Key Features:

- Vacuum leak tester
- Nitrogen-free for easy transport
- Compact, lightweight (20-lbs), fully integrated
- Provides +5psi pressure to assist with sticky end cap removal
- Universal power supply
- Patented design

Specifications:

- **Size:** 16" x 13" x 7"
(406mm x 330mm x 178mm)
- **Weight:** 20-lbs (9-kgs)
- **Power:** universal 100-240 VAC, 50-60Hz, 100w. Travel AC Plug Adapter is needed overseas.
